Dear Bruce,

Thanks for your message and I apologize for taking so long to respond. My brother and his family were here for a visit and they just left.

Yes, I had gotten the information from Gay Aridas, and she had also let me know of your interest in receiving prayer requests, and your hope that I will come to visit when I am back in the States.

It will probably be the fall of 2010 before I come back, since it's hard to do traveling and speaking during the summer months when so many churches have limited activities. But your congregation will be high on the list for a visit, I assure you.

Here are the prayer requests I sent to Gay (just so you know they are the same ones):

Thank you for your offer to keep the people of Indonesia in your prayers.. Here are the things that are important:

Becca's Prayer Requests:

- ~ For Indonesia's newly emerging democratic society as it gets on its feet after years of dictatorship and rampant corruption.
- ~ For the Protestant Church in Indonesia as they live out their mission in a predominantly Muslim society.
- ~ For the people affected by the tsunami who are still struggling to return to healthy and productive lives.
- ~ For the Jakarta seminary students as they prepare to serve in a developing country burdened by poverty, natural disaster and civil strife.
- ~ For Becca to be a role model for the students of the seminary on how to seek justice, love kindness, and walk humbly with God.

Please express my deepest appreciation to your congregation for this amazing gift of trust and support. I am most grateful for your prayers and I look forward to "partnering" with your congregation in ministry for the years to come.

God bless you in your ministry there at King's Grant PC!
